Summer has arrived in Sweden. Dog coats not required

Wildflowers
everywhere

Our area is full of lakes. I take the dogs in the car and drive to different areas every day for lake shore walks.

Does this mean life is back to normal in Sweden? Unfortunately not!

Getting back to normal in California? Almost, I think

Not only restaurants and movie theaters are open. but so are dog shows, dog racing events, and pet therapy.

Pet therapy at Open Mind Modalities, an outpatient Clinic associated with Children's Hospital in Orange County.

Thanks to owner Debra Stafford for all the work she is doing for cancer patients, young and old - and for her dogs Bob and Dash!

But not everything as back to normal. The Westminster Kennel Club had to cancel its January 2021 show in New York city, for the first time in over 100 years. Even though there will now be a show, June 12-14, it will be outdoor and not open to public visitors, The show will be at Lyndhurst Estate, Tarrytown, New York. You may see it live on TV (Fox). Check the schedule on the web site westminsterkennelclub.org
