*Newsletter #26

New family member

Kamio Sweet Taste of Tangens at 37 days. "Candy" is sired by our CH Tangens Antonio Vivaldi, JC (litter 2011) and will soon be joining us.

Dreaming of a new friend

"Sunny Jr" (Tangens Music In The Air, litter 2011) was dreaming of a friend from the same litter, but he has to wait. Maybe later... owners are family Soria-Olivera.

Are Whippets couch potatoes?

It is often said so, and most photos of Whippets show them sleeping on the sofa or in your bed. But some of you, my

friends, were misled by this designation and stunned by the activities of a young Whippet, when you got a puppy from me. Whippets do calm down after 2-3 years.

Here is a group of couch potatoes: "Dinah" (*Tangens Maverick Destination Moon*, litter 2007, front on the floor) and her sire CH Winsmoor Maverick Cowboy Up! to the right on the sofa. Owner Rosanna Sutton of Winsmoor Whippets, recently moved from San Diego to Northern California near Lake Shasta.

Waiting for the furniture

"Mona" (*Tangens Moon Over Maverick*, litter 07) and "Vivaldi" (*CH Tangens Antonio Vivaldi, JC*) moved recently to North Carolina with their owners Marilyn and Bob Riffle. They quickly found a beautiful house to buy but had to wait several weeks for the furniture to arrive. It does not seem like the dogs are missing the furniture though

Visitors

"Riley" (FC *Tangens Riley Outback Runner*, litter 05) and "Star" (*Tangens Chaprun Shooting Star*, litter 09) visited recently while their family went to Las Vegas to celebrate a son's 18th birthday. Riley and Star quickly settled in with all their relatives. I was a little nervous when taking the dogs on the morning walks, because six dogs is the limit in San Diego County and we by far exceeded that.

Ok, enough sleeping Whippets. We are all looking forward to the beginning of the racing and lure coursing season. Our "Inessa" is getting close to her Field Champion title in lure coursing.

Triple birthday

"Ju-Ju" (*Tangens Once In A Blue Moon*) and "Bob" (*Tangens Fly Me To The Moon*) are litter mates and born 09. They celebrated their birthday together with grand owner Joan Pleasant, mother of their owner, Debra Stafford. Bob is wearing a collar, as he had been bitten recently by another dog.

Have you ever seen a Whippet run?

*Exploding coils of energy,
They launch into the air:
Turbo-Thrusting r.p.m's
Each paw 'nigh touch the ground.*

*Like streaking lights
And surging power,
The coursers drive the Wind.*

*Designed to race
With arching grace –
A wonder to behold*

*O, if you ever see a Whippet run,
They'll take your breath away!*

*For Rhyner, Turbo, Seneca, Lily and Big
Bang*

In 2005 "Sav" was on loan to Iva Kimmelman of Merci Isle Whippets in Boston from his owners in Australia. Sav's first litter in the US was our 2005 litter out of CH *Merci Isle Northern Lights*, "Tuli". Sav is thus also behind Tangens 2009 and 2011 litters.
