

On the beach

and in the Sierras

Ari on adventures

Ari is *Tangens Ferrari* (litter 2017)

Ari is like his litter brothers from the car litter, talkative. He is particularly talkative when he knows he gets to go on a trip with owners Julie and Pat Dexter.

He is a good traveller, says Julie.

Best Friends

brindle Danica with her friend Lia. Danica is *Tangens Fast Track to Summit*, also from the car litter in 2017.

Like the boys in this litter, Danica is vocal when she is happy, not like her friend Lia, who is very quiet.

When not resting at home, the girls get to go to the San Diego Whippet club race practice.

Owner Maia Cook writes:

"One of the girls' favourite activities is a 4 mile walk we frequently take them on where they enjoy looking for rabbits, squirrels, and lizards. They seem to never forget where they've had previous animal sightings, so they are "on alert" throughout much of the walk! And if one girl thinks she sees something, the other doesn't want to miss out, so they keep each other on their toes!"

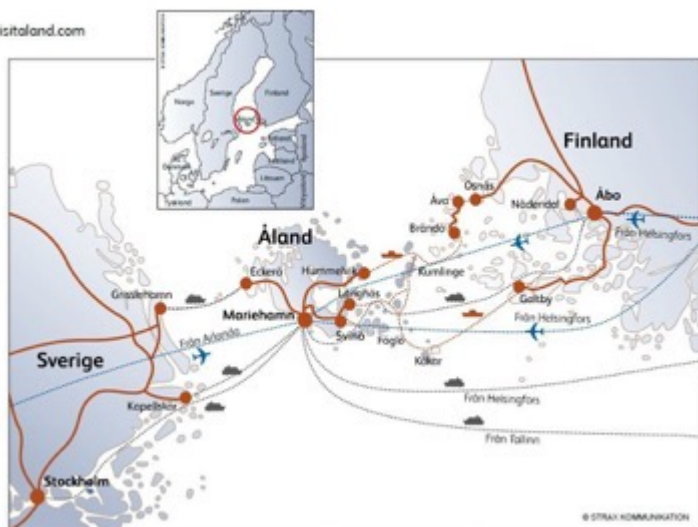

Cathi and Dan Gross got a new beautiful Whippet puppy, from a well known and respected breeder. The puppy is called “Heartly” because she has a white heart on the back of her neck.

Dan writes: “She is very smart and the most challenging whippet we have had. We are using Bark Busters to help with her training.”

Cathy and Dan have had two Whippets from me. I am sure they were also challenging. Puppies are.

Our own adventure

We did a car trip to Finland. Jakob took care of transportation, and Erkki made hotel reservations, Six ferries across Åland before reaching mainland Finland

One of several beautiful Stops on Åland

On our way to Eastern Finland, we stayed at several pet friendly hotels. The dogs got treats and toys.

Lezah is back!

Lezah = Adagio Witch Hazel, was lent to Debra Stafford for the litter featured in previous newsletters. Debra flew her back to Sweden. In the process, Debra missed her connection in Frankfurt, lost her luggage, and got sick. But Lezah did well.

After some rest..

..and some walk with Jakob and the dogs, Debra was ready for the big dog show

Dog shows in Sweden

Debra and I visited the famous Hound Specialty in Sweden. The show is no longer at the castle, Skokloster, but at an ordinary sports field. A surprisingly low key event.

My favorite dog show in Sweden is "Hundmässan" in December in Stockholm city: A real SHOW with lots of activities and performances and many visitors and vendors.

Skokloster Summer Show

fredag 28 - söndag 30 juli

Välkommen till Västerås och årets stora vinhundfestival med samtliga av våra arton vinhundraser representerade.

Skokloster Summer Show arrangeras av rasklubbarna och SVK/ö.

Kom ihåg att anmäla - sista anmälningssdag är måndag 10 juli kl 12.00.

För information: se våra respektive hemsidor som du enklast finner på |
<https://svk.se/>

Svenska Afghanhundklubben, Borzoiringen, Svenska Faraohund och Cirneco dell'etna Klubben, Svenska Greyhoundklubben, Hjorthundklubben, Svenska Irländsk Varghundklubben, Svenska Podengo Português Klubben, Svenska Salukiringen, Svenska Whippetklubben, GRAINS (gemensam klubb för Azawakh, Chart Polski, Galgo Español, Italiensk Vinhund, Magyar Agar, Podenco Canario, Podenco Ibicenco, Sloughi).

Best Whippet at the Skokloster show was "Robin", Play A While Bang Bit For Bit (on the left).

Robin was born in Sweden and lives with owner Randy Juliussen in Norway.

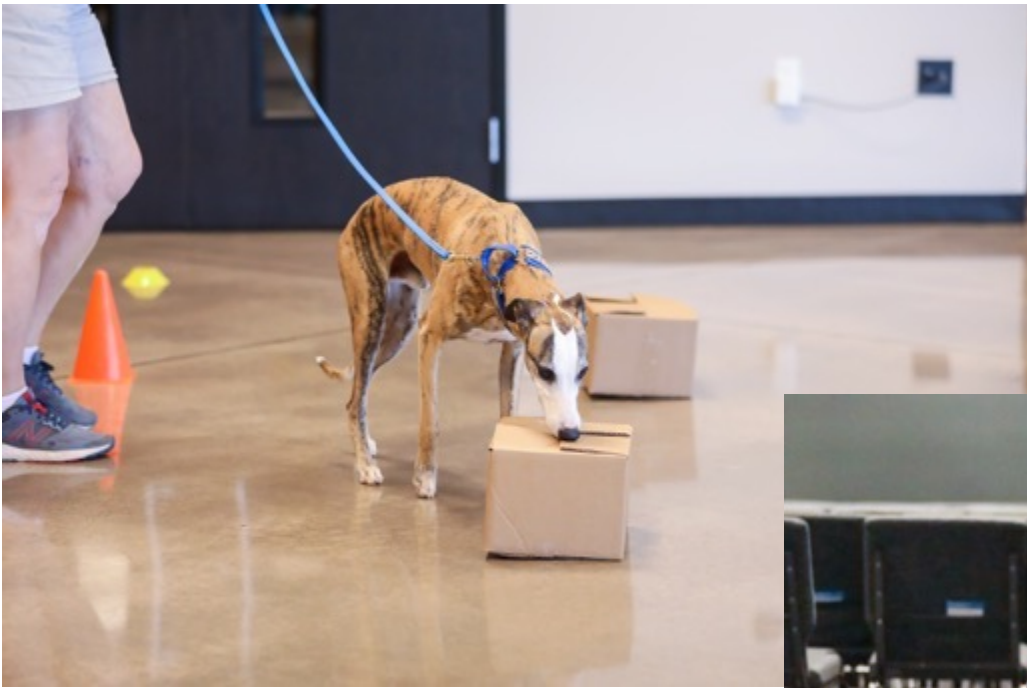

I am so proud to be the breeder of Robin's sire: "Brand", Tangens *The Maverick Cosmonaut* (litter 07). I had very little to do with Brand's fame; Iva Kimmelman, Merci Isle Whippets, owned and showed and made him famous enough to get the attention of breeders in Europe. Brand lived a long and healthy life. He died recently at age 16.

More Whippet activities

There are many things one can do with dogs. Competition or just for fun. On the AKC web site are listed: Conformation, Agility, Obedience, Rally, Tracking, Racing, Lure coursing, and Scent work.

Sharon Miller wrote: "I started Giovanni in scent work, and he did his first trial and got his first 2 ques! He loves scent work! And it is much easier on my knees than agility, because he does all the work, and I just stand there and hand out treats."

Giovanni is sired by "*Bob*",
Tangens Fly Me To The Moon,
who is owned by Debra Stafford.

Have fun with your Whippets!
